Mountain View, CA Dentist Named Diplomate in Implant Dentistry

CHICAGO—In March of 2012 after passing a rigorous examination on implant dentistry, Trinh N. Lee, DDS joined 379 other dentists in the United States and Canada in becoming a Diplomate of the American Board of Oral Implantology/Implant Dentistry (ABOI/ID), making Dr. Lee one of the nation's leading experts in implant care.

To sit for the examination, Dr. Lee was required to practice implant dentistry for at least six years, and prove her implant expertise. To earn the title of *Diplomate*, Dr. Lee presented cases for review by an expert panel of implant dentists and passed a series of written and oral examinations sponsored by the American Board of Oral Implantology/Implant Dentistry.

The ABOI/ID's examination process measures the in-depth knowledge, proficient skills, and abilities required for practitioners to provide comprehensive, safe, and effective oral implant care for the public.

The ABOI/ID was founded in 1969 and conducts examinations to determine the qualifications and competence of dentists who voluntarily apply to the Board for certification. .
